Project Summary

Live Younger is seeking to launch effective digital marketing campaigns for their age reversal supplements, focusing initially on Meta advertising with two distinct campaigns: a general branded campaign and a "Make America Young Again" campaign targeting a specific demographic. The company has approximately \$1.5-2 million in inventory and is looking to scale up operations, with plans to reinvest revenue into marketing to drive growth.

Objectives

Understanding of Live Younger's Needs

Live Younger has developed innovative supplements focused on cellular health and age reversal. The company's products, Youth Plus and Youth PM, are designed to boost cell regeneration rates and reduce cell damage rates, ultimately helping users achieve optimal health within approximately one year (three cellular life cycles).

Despite having valuable products and significant social media assets, Live Younger has struggled with previous marketing agencies that failed to properly set up accounts, create effective messaging, or optimize campaigns. The company needs a partner who can establish proper fundamentals in digital marketing while developing compelling creative assets that clearly communicate the unique benefits of their products.

Based on your initial ad spend of \$40/day (\$20 per campaign), we recommend our Meta Advertising Package at \$500/month. This investment covers all aspects of campaign management, creative development, and optimization.

As your campaigns demonstrate success and you increase your ad spend, we can adjust our management fee accordingly to ensure you receive the appropriate level of service and support.

Investment Breakdown:

- Meta Advertising Package: \$500/month
- Product Page Optimization: Included in package
- Ad Spend (managed by client): \$40/day initial (\$1,200/month)

Total Monthly Investment: \$1,700 (\$500 management + \$1,200 ad spend)

As you mentioned, once we demonstrate success with these initial campaigns, we can explore expanding to additional channels and increasing ad spend to scale your results further.
