General Overview

Below is an overview of information about you, your challenges, and our proposed solutions.

Client Information

WOW is a full-motion digital billboard company in Los Angeles. They have exclusive deals with the city of Inglewood and advertise in prominent locations like LAX, SoFi Stadium, and Intuit Dome. They recently underwent a rebranding process to elevate their brand presence.

Project summary

WOW aims to reposition themselves in the eyes of CMOs and media buyers, increase their screen occupancy, and become an iconic brand. They also want to establish a strong social media presence and engage with their target audience.

Objectives

WOW's top priority is to reposition themselves in the eyes of their target audience, including CMOs and media buyers. They want to establish themselves as a premium, iconic brand and increase their screen occupancy, therefore, our proposal focuses on leveraging a social media campaign.

Our Social Media Process

Building brands that connect people through shared interactions.

Creating Engaging Social Content

Beginning with quick yet thorough planning/preparation, our team will plan out a dynamic on-going **social content calendar** to guide you to your goals.

We will grow an increasing social audience and follower base through: hash tag campaigns, strong use of keywords, sharing/retweeting relevant news, “liking” posts, staying updated within the industry, and contributing our own unique content to broaden reach.

Integrate Social Media Activity into Other Marketing Plans

With clear communication and brainstorm, we’ll be able to consolidate the marketing initiatives to fit your goals and promotional material.

Campaigns via social media are more important than just sharing about giveaways, sales, contests, and/or promotions. We will agree on a schedule for a series of posts to keep up the exciting momentum for all prospective customers.

Posting Company Related Updates

Our plan is to engage our social media audience by sharing company news, press releases, events, employee spotlights, and more.

We will also pay close attention to industry trends, and share them. This will help to gain exposure with your **target market**.

Promotions and Social Campaigns

We will utilize social channels to connect with your follower base, and engage them with promotions to get them excited about both current events, and the brand itself.

These campaigns can last as short as a day, or can run up to six months. We'll be able to analyze the results from each campaign, and then we will provide a report of its success.

Results of campaigns can be compared so the most effective promotions, offers, or contests can be replicated.

Sustained Monitoring

It is important to regularly maintain marketing activity for maximum growth.

We will continually **monitor** each channel, and will respond to anyone that likes, shares, or comments on your content (customer service activities are not included).

Analytics

We will provide you with:

Daily and Weekly Analytics — Such as: follower growth, reach, demographics, comments, “likes”, shares, retweets, etc.

Reporting- Summarizing various results and activities over each quarter.

Essential Social Media

It's designed to enhance your brand presence as well as build your reputation online.

Features

- **Up to 2 post per week per network**
- **Social Networks:** LinkedIn, Instagram, and TikTok.
- **Automated Monthly Reporting** - A social media report offers a means of extracting value from data based on various social networks and metrics over various time frames.
- **30-Day Content Calendar** - We'll design an easy-to-understand content calendar so you have a birds eye view of posts and know exactly what type of content is going out when.
- **Client will Provide Graphics & Templates** - These are the baseline templates used for your social media content. We use these as a guide for all images going forward.

Reporting & Analytics

Here's Our Approach to Tracking WOW's Campaigns

We provide you access to our real-time analytic dashboard plus monthly reports including valuable campaign metrics and results, as well as a summary of all the awesome optimizations and insights we gained from the previous month.

Payment Terms:

We have a minimum term of 3 months.

The reason is simple: we need your commitment for that length of time to achieve the kind of results we are both setting out to achieve.

Giving you the ability to cancel at any time means you're not thinking long-term and as you know, that isn't the kind of thinking that produces epic results.

Makes sense? Happy? Then let's do this!
